

DOG HOUSE

You will need:

- 1 Brown stick
- 12 Yellow sticks
- 2 Black sticks

1

Step 1:

Cut one brown stick in half. Stack these two pieces together and bend in the middle to create the roof.

2

Step 2:

Use 12 yellow sticks to draw out the shape of the house, and fill it in completely as shown. Flip your creation over when you are done with this step to reveal the cleaner-looking side.

3

Step 3:

Cut up one black stick into small pieces to write the letters "D" "O" "G" at the top of the house.

4

Step 4:

Use more black stick to draw the door and fill it in completely.
