

PINKY PIG

You will need:

5 white sticks
3 black sticks
16 purple sticks
5 neon red sticks

12"x12" piece of foil
6"x6" piece of foil

Scissors 

3

Step 3:

Fold the legs in half and point them downward. Cut off the tail.

5

Step 5:

Wrap the head from the neck to the snout in 5 purple sticks. Cut off any extra.

6

Step 6:

Wrap 1 purple stick around the middle of the head as shown, crossing it at the top.

7

Step 7:

Press the center of the stick flat. Fold the ends back toward the middle to make two small ears, as shown.

9

Step 9:

Trim the ends of the legs with scissors so that they are all the same length. Use about 1 and a half black sticks to cover all of the feet in black, cutting off the extra with scissors.

1

Step 1:

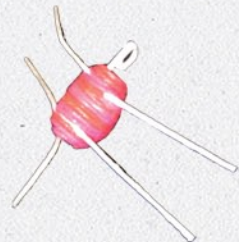

Crumple a 12"x12" piece of foil into an egg shape. Press it into the center of 3 white sticks, arranged as shown.

2

Step 2:

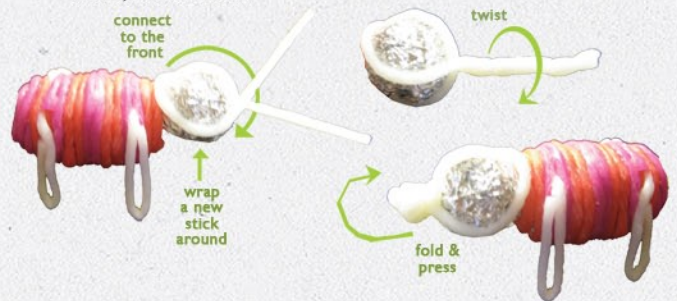

Flip the pig over. Wrap the body in 5 neon red plus 3 purple sticks to cover it completely.

4

Step 4:

Crumple a 6"x6" piece of foil into a small round ball. Connect it to the front of the body using the extended white piece. Add another white stick around the back of the head and cross it in the front, as shown. Twist the ends together, then fold them back to make a short, round snout.

8

Step 8:

Wrap each leg in one purple stick each. Notice that the wrapping begins all the way at the top of the leg, so that the white is completely covered.

10

Step 10:

Add 1 purple stick in a spiral at the back of the pig to cover any open space. Extend the remaining stick from the center and trim it into a short tail with scissors. Twist the tail to make it curly.

11

Step 11:

Cut 2 small white pieces and roll them into eyeballs. Press them on. Cut 2 smaller pieces of black and press them into the center of the eyes. Cut 2 small slits of black and press them against the nose. Cut 1 small length of black. Wrap it under the snout for a smile.
