

POLAR BEAR

You will need:

29 white sticks
 1 neon red stick
 1 neon green stick
 1 black stick
 8"x12", 3"x5", 3"x5" foil

Scissors 

1-3

Steps 1-3:

Crumple 8"x12" foil into an egg shape. Crumple 3"x5" foil into a small ball. Arrange them as shown. Wrap the last piece of foil around both pieces to connect them.

Make a small ball at one end of a white stick.

Press it against the face and begin wrapping the bear in white sticks. Use about 15 total.

Step 4:

Press 2 white sticks together, then fold them in half, and in half again. Wrap 1 white stick around the middle of the folded sticks. Repeat 4 times.

5

Step 5:

Bend the bottom of each leg up to make paws. Fold the tops back and press them against the belly to attach the legs.
